

Sanjay Singh Rawat

Full Stack Developer

ssr911999@gmail.com | +91-8847465410 | LinkedIn | GitHub | Portfolio

TECHNICAL SKILLS

Languages & Frontend: JavaScript ES6+, TypeScript, React.js, Next.js, Redux Toolkit, Tailwind CSS, HTML5, CSS3

Backend & APIs: Node.js, Express.js, REST APIs, Redis, Postman

Databases & Cloud: MongoDB, AWS (S3, CloudFront, EC2, IAM, ACM), Render, Netlify

DevOps & Tools: CI/CD, GitHub Actions, PM2, Nginx, Stripe & Razorpay

WORK EXPERIENCE

Frontend Developer Intern

Sep 2022 – Sep 2023

National Fertilizers Limited

Bathinda, India

- Delivered UI screens for 3+ enterprise modules, improving navigation speed and reducing user effort by **20%**.
- Created reusable React components, reducing repeated UI logic by **25%** across modules.
- Refined layouts using TypeScript and Tailwind CSS, lowering visual inconsistencies by **30%**.
- Collaborated with a 4-member engineering team to resolve UI issues and optimize workflows across modules.

PROJECTS

Cloud Storage Application | *React, Node.js, Express, MongoDB, AWS (S3, CloudFront), Redis*

Live Demo

- Built a cloud storage platform supporting secure file uploads and retrievals using AWS S3.
- Reduced file delivery latency from **300ms** → **100ms** via CloudFront CDN, cutting load time by **66%**.
- Enforced RBAC and Redis-backed session handling, improving API responsiveness by **50%**.
- Developed modular APIs with Express + MongoDB providing real-time storage metrics for active users.
- Applied OAuth (Google/GitHub) and Razorpay billing flows to support premium storage tiers.
- Benchmarked Redis vs MongoDB using Node.js; Redis delivered **7x–10x faster reads**, guiding caching strategy for high-frequency API calls.
- Built a CI/CD pipeline using GitHub Webhooks and Node.js to automate backend and frontend deployments.

Shopee — E-commerce Interface | *React.js, Redux Toolkit, Tailwind CSS*

Live Demo

- Built product listing, cart flow, and adaptive UI components for an e-commerce interface.
- Executed Redux Toolkit store structure, reducing state-related issues by **35%**.
- Expanded API reliability using custom middleware, reducing data-fetch delays by **20%**.
- Applied modular component patterns and lazy loading, improving initial render performance by **18%**.

Globe Scout — Country Explorer | *React, Axios, React Router*

Live Demo

- Improved country search with dynamic routing, region filters, and external API integration.
- Enhanced engagement with theme toggling and shimmer loaders, increasing retention by **30%**.
- Reduced redundant API calls by **40%** using caching and optimized render control.
- Strengthened routing and error-handling flows, increasing successful navigation rates by **25%**.

Expense Tracker App | *React, JavaScript, CSS, LocalStorage*

Live Demo

- Enhanced a personal finance tracking application with features to add, edit, delete, and filter expenses.
- Applied LocalStorage persistence, ensuring **100% data retention** across sessions without a backend.
- Built custom sorting and filtering logic, improving data visibility and decision-making.
- Created reusable input components with validation and error handling, reducing invalid entries by **40%**.
- Added a right-click context menu for quick expense actions, improving workflow efficiency.
- Designed a responsive UI using CSS, ensuring smooth usage across desktop and mobile devices.

EDUCATION

Govt. Rajindra College (Punjabi University, Patiala)

B.Sc. Computer Science (80.25%)

Bathinda, Punjab

2019 – 2022

Kendriya Vidyalaya No. 5

Class 12th (65.4%)

Bathinda, Punjab

2017 – 2018

Rose Mary Convent School

Class 10th (CGPA 9.8)

Bathinda, Punjab

2015 – 2016
